Kamaaina Motors (6018) Performance SnapShot Q3

Below is your Q3 'Performance SnapShot', focusing on E-SHOP lead performance.

E-SHOP Performance Summary

E-SHOP LEADS (QoQ Analysis)

Total Leads Q3: 125

Total Leads Q2: 48

Quarter-over-Quarter Growth: 160.42%

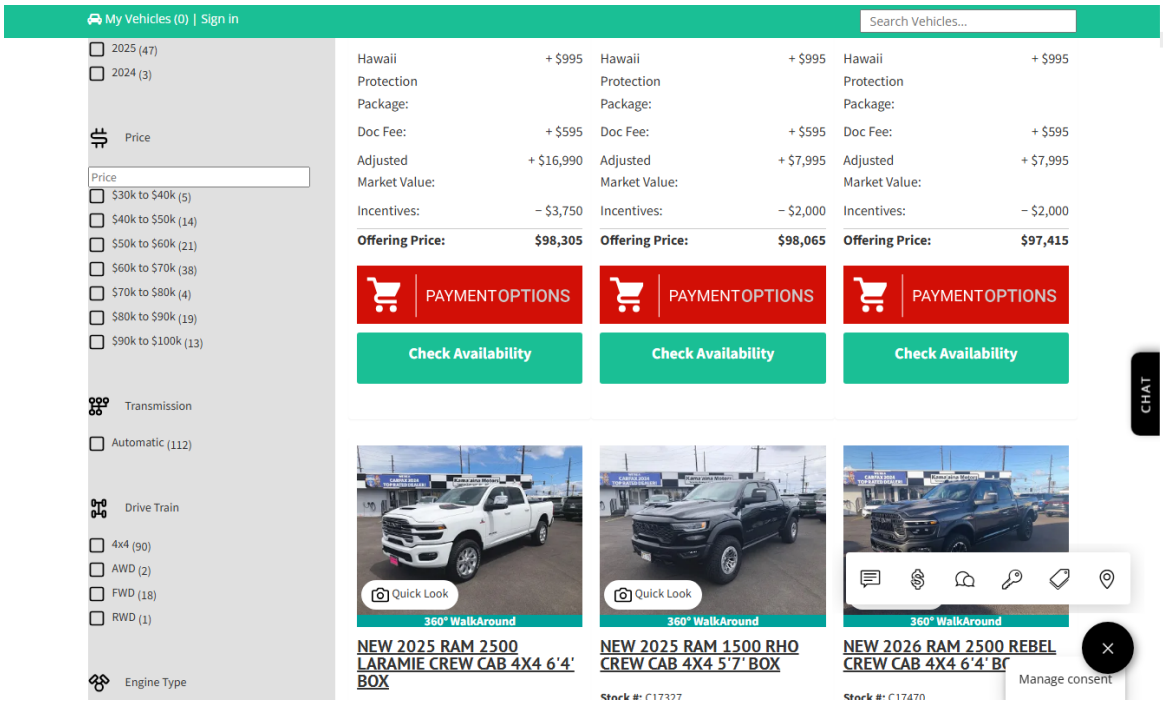
Opportunities

Actions identified to increase unique lead volume and improve customer experience:

Pricing Syndication: E-SHOP Price Match is not active. Connect pricing syndication so competitive pricing displays clearly and drives conversions.

Credit Application Link: Connect your RouteOne or DealerTrack credit app to E-SHOP to complete the digital deal and improve lead quality.

Current E-Shop Button Stack:



Next-Level Optimization: New Features

Deep Linking

Sends shoppers straight to a specific vehicle's payment options (Trade-In, Credit Check, Test Drive, Payment Calculations) for faster conversion.

Banners

Banners capture high-intent shoppers immediately upon landing on your site, driving urgency and engagement for current programs. Our marketing team updates banners throughout the year to keep incentives and campaigns fresh.
